

## **Children's Miracle Network**

To benefit the Iowa Children's  
Health Care Center at  
The University of Iowa  
Hospitals and Clinics

**Tami Hansen & Caitlyn**

**June 7, 1996**

**Dear Tami & Caitlyn:**

**Greetings! What a wonderful telethon...it is definitely a cause for celebration! A grand total of \$954,163...almost \$1 million is fantastic, especially in this day and age. We thank you for being a part of it! We hope you enjoyed yourselves!**

**As you may already know, 100% of the money raised goes into funding a wide variety of pediatric services such as the expansion of the Pediatric Intensive Care Unit, special equipment for areas such as Pediatric Ophthalmology, Neonatology, the Burn Unit, the Child Life program, the Hospital Tutor program, and the Pediatric Bone Marrow Transplant unit. The telethon has also helped fund research in such areas as Infant Nutrition, Cystic Fibrosis, and SIDS. So CMN really does make a difference in the lives of children treated at University Hospitals.**

**Your segment with Dr. Peters went very well. Caitlyn is such a sweetie pie and seems to be happy and doing well. She is such a pretty little girl. You sure can tell that she and Dr. Peters hold special places in their hearts for each other. I hope everything continues to go well for the both of you. So again, thanks so very much for coming to the hospital, especially on a weekend, to help out the kids! I hope you have a fun, eventful summer! It may be short, so we better take advantage of it!**

**My very best to you-**

**Jane L. Champion  
CMN Producer**
